

## Help make a difference in the lives of individuals with Down syndrome!

Down syndrome is typically caused by the presence of 3 copies of chromosome 21 (instead of the usual two copies) in the cells of the body. For that reason, March 21st (3/21) has become World Down Syndrome Day. The Piedmont Down Syndrome Support Network will use the money raised by this event to enhance the lives of individuals with Down syndrome and to provide information and support to families and professionals. Our programs include:

- New and Expectant Parents Support
- New Parent Resource Notebook
- Family Social Events
- Annual Buddy Walk
- Community Education Programs
- Exceptional Families Education Program
- Next Chapter Book Club
- Annual Down Syndrome Update Presentation
- Conference Scholarships for PDSSN Members
- Dads Appreciating Down Syndrome (D.A.D.S)
- Community Grants
- Ladies Night Out
- No Limits II Dances
- Seasonal Newsletters

Be a team player and support people of all abilities! Go casual for a good cause by participating in a *DRESS DOWN* for Down Syndrome Day.
